N.B.

-This is only a suggested timetable. Feel free to adapt these activities and times to suit your own daily/weekly routine. Refer to the Home Learning Grid for specific tasks.

-Remember to keep things as practical and fun as possible. You do not need to be spending prolonged periods of time at a table completing written work.

-Golden Time activities have been added to each day to use as an incentive. They will cover many curricular areas whilst also allowing you to spend time together.

-Longtower Chapel are broadcasting daily mass on their webcam. This is of great importance for Primary 4 children to practise mass responses in preparation for the Sacrament of Holy Communion.

-Finally please remember.....You are doing a great job!
